1. This Office action is in response to the amendment filed 02/04/04. Claims 5-8 are pending. Claims 1-4 have been canceled.
2. Claims 5-8 are allowed.
3. The following is an examiner's statement of reasons for allowance: the combination of elements claimed including the extending rods inserted through a radial channel in the lower nest and releasably engaging the post. U.S. Patent 973,222 to Schroeder shows a nest having an inner through hole and radial channels with ends of ribs releasably engaging the post but fails to adequately suggest the complete combination recited in claim 5.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
4. The drawings filed 01/25/02 are accepted.
